

1 October 1973

One of the 35 Summer-Only Employees who admitted to drug usage in 1973 was among the group of 35 who admitted to it in 1972.

An additional Summer-Only Employee who admitted to drug usage in 1973 also admitted using it since 1969 when he was also a summer employee. It was not until 1973 when he learned of our policy re marijuana, since he did not work for us during the summers of 1970, 1971 and 1972.
